

- Notes
- 1) Drawings are not to scale. All dimensions are in feet and inches.
 - 2) Unless otherwise indicated, connections 3" and smaller are MPT. Connections 4" and larger are grooved to suit a mechanical coupling and beveled for welding.
 - 3) Dimensions showing location of coil and basin connections are approximate and should not be used for prefabrication of connecting piping.
 - 4) For weight loadings and support requirements, refer to the suggested steel support drawing.
 - 5) Heaviest section is the combined weight of fan and coil sections, refer to the P-Series Counterflow Induced Draft Coil Products rigging and assembly manual for suggested lifting method.
 - 6) The area above the discharge must be unobstructed.
 - 7) Do not support piping from unit connections. All necessary piping supports to be supplied by others.
 - 8) M = Motor location
