Connection Size	Maximum GPM (Per Cell)
4"	800
6"	1600
8"	2400

**NOTES:**

- All dimensions are in feet and inches. Weights are in pounds.
- Dimensions showing location of coil connections are approximate and should not be used for prefabrication of connecting piping.
- As standard, coil connections are beveled for welding.
- The area above the discharge of the fan must be unobstructed.
- For weight loading and support requirements refer to the suggested steel support drawing.
- Do not support piping from unit.
- Unit includes two coil sections. Weight shown for one coil section.
